

## Greetings!

This week, we celebrate the Sisters, lay teachers, alumni and friends that have made Notre Dame schools the *Communities of Faith, Knowledge and Service* being celebrated during **National Catholic Schools Week**. At our [website](#), you'll find:

- information about the Hallmarks that distinguish Notre Dame Schools,
- a list of schools that are celebrating special anniversaries this year, and
- links to information about all of the Sisters of Notre Dame's current and heritage schools on the West Coast and in Hawaii.

**If you attended a Notre Dame school, [what memories and memorabilia do you have of your time there?](#)** We welcome your help in gathering more information about our schools. Visit the page for your school and share your best memories in a comment!

**Super Bowl 50** is bringing lots of fans and excitement to the Bay Area, but it's also a magnet for human trafficking. [Learn what Sr. Margaret Hoffman and other Sisters, Associates and NDNU students did to increase awareness of the problem locally and how YOU can help stop it, too.](#)

**Monica May**  
Director of Development

P.S. Remember that Sr. Margaret will receive a special award on February 9th, during an [event](#) featuring Matthew Fox speaking about Sisters' contributions to the ecological movement.
